

THE
PHI BETA KAPPA
SOCIETY
ALPHA OF CALIFORNIA

November 3, 2020

Alpha of California is pleased to announce that it will grant a limited number of Graduate Fellowships in 2021. These fellowships will be awarded to members of Phi Beta Kappa who are doctoral students in the Graduate Division at UC Berkeley during the 2021-22 academic year. *Note:* The Graduate Division can only disburse funds to currently enrolled students. Winners will receive their fellowship grants once they re-enroll.

Preference will be given to students who have nearly completed their dissertations and who have exhausted other forms of financial support, although all members of Phi Beta Kappa are eligible for these fellowships. Additional grants will be awarded by the Northern California Association of Phi Beta Kappa through the same application process. Last year a total of five fellowships in the amount of \$7,500 each were awarded to Berkeley doctoral candidates.

A link to the application is available at pbk.berkeley.edu/fellowships and the application must be submitted online.

Applicants should submit their completed applications by Monday, February 1, 2021. The Northern California Association supports our program and we share a combined application process.

Awards will be announced in mid-April of 2021.

Sincerely,

Donald Mastronarde, President
Executive Council
The Phi Beta Kappa Society
Alpha of California
